ENGLISH BRIDLES

Established for over thirty years English Bridles are specialists in handcrafting bridles to fit a range of sizes.

We make a range of handcrafted English belts and dog collars with leather from J Baker & Co, the only remaining oak bark tannery in the country. EB products are made in our workshop by qualified saddlers, who are highly skilled and the finished products are exceptional.

LEATHER CARE

Leather will need caring for if it is to be kept in tip-top condition. Even with excellent care, leather will age. How it is cared for will affect how long it remains serviceable. ***Do not use oil as this loosens the fibres and causes leather to stretch.*** To ensure that the leather stays supple we recommend that you use leather balm.

See the leather guide on our website.

EB HEADCOLLARS

The EB headcollar has a detachable padded headpiece that can be undone on either side of the head. There is a solid brass clip on the rolled throatlash, making it easy to slip the headcollar on and off. It has maximum adjustment, so that it will fit over a bridle at a show or a competition. The softly padded noseband is adjustable and has a solid brass tie up ring at the back. The EB Headcollar is stylish, comfortable for the horse and offers quality at an affordable price.
